Management's Discussion and Analysis

THE OKLAHOMA DEVELOPMENT FINANCE AUTHORITY

This section of the Oklahoma Development Finance Authority's (the Authority's) annual financial report presents a discussion and analysis of its financial performance for the year ended June 30, 2021. Please read it in conjunction with the financial statements which follow this section. The following table summarizes the financial position and results of operations of the Authority for 2021 and 2020.

	2021	2020
Assets:		
Current assets	\$ 10,401,025	\$ 17,977,447
Capital assets	1,428,721	1,406,581
Other non-current assets	43,859	33,507
Total Assets	11,873,605	19,417,535
Liabilities:		
Current liabilities	126,034	1,123,356
Bonds payable	3,000,000	9,999,000
Total Liabilities	3,126,034	11,122,356
Net Position:		
Invested in capital assets	1,428,721	1,406,581
Unrestricted	7,318,850	6,888,598
Total Net Position	\$ 8,747,571	\$ 8,295,179
Operating Revenues:		
Fee revenue	\$ 1,401,464	\$ 1,309,876
Interest and Investment income	46,388	196,434
Other	9,600	9,600
Total Operating Revenues	1,457,452	1,515,910
Operating Expenses:		
Interest expense	153,266	225,673
Other operating expenses	874,331	823,705
Total Operating Expenses	1,027,597	1,049,378
Other income (expense)	22,437	(80)
Change in net position	452,292	466,452
Total net position, beginning of the year	8,295,179	7,828,727
Total net position, end of the year	\$ 8,747,471	\$ 8,295,179

Management's Discussion and Analysis

THE OKLAHOMA DEVELOPMENT FINANCE AUTHORITY

OVERVIEW OF THE FINANCIAL STATEMENTS

The three financial statements presented within the financial statements are as follows:

- Statement of Net Position – This statement presents information reflecting the Authority's assets, liabilities and net position. Net position represents the amount of total assets less total liabilities. The statement of net position is categorized as to current and non-current assets and liabilities. For purposes of the financial statements, current assets and liabilities are those assets and liabilities with immediate liquidity or which are collectible or becoming due within 12 months of the statement date. The Authority's investment balances are considered current assets, as the Authority has historically experienced a high portfolio turnover rate.
- Statement of Revenues, Expenses and Changes in Net Position – This statement reflects the operating revenues and expenses, as well as non-operating revenues and expenses during the operating year. Major sources of operating revenues are administrative fee income and major sources of operating expenses being personnel and interest expense. The change in net position for an enterprise fund is similar to net profit or loss for any other business enterprise.
- Statement of Cash Flows – The statement of cash flows is presented on the direct method of reporting which reflects cash flows from operating, financial and investing activities. Cash collections and payments are reflected in this statement to arrive at the net increase or decrease in cash for the calendar year.

FINANCIAL HIGHLIGHTS

- The Authority's total assets on June 30, 2021 decreased by \$7,543,930. Primary change factors were that cash decreased by \$6,592,419 primarily due to the paying down of the bond payable during the year.
- Total liabilities decreased by \$7,996,322 in 2021 due to a decrease in bonds payable of \$6,999,000 and payables decreasing by \$933,410 due to the elimination of the Quality Jobs Investment Program which had a payable and corresponding receivable.
- There was a decrease in total operating revenues of \$58,458 primarily due to investment income dropping by \$150,046. Investment income decreased due to the reduction of cash when paying down the bonds payable.
- Operating expenses decreased in 2021 by \$21,781. The primary fluctuations within operating expenses were that personnel services expense increased by \$7,564, interest expense decreased by \$72,407 and professional fees increased by \$52,904.
- Net position increased by \$452,292 in 2021.

Management's Discussion and Analysis
THE OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
OVERVIEW OF THE FINANCIAL STATEMENTS

DEBT ADMINISTRATION

The Authority has \$3,000,000 of outstanding debt at June 30, 2021. On June 30, 2020 the Authority owed \$9,999,000 for bonds under the *ODFA Quality Jobs Investment Program Revenue Bond- Series 1996*. In 2019 the state of Oklahoma legislature repealed the Quality Jobs Investment Program (QJIP) in its entirety effective November 1, 2019. On July 1, 2020 the Authority transferred the assets and liabilities of the QJIP program to its General Fund. On August 31, 2020 the Authority reached an agreement with the bondholder (OIFA) to a) defease \$6,999,000 of the \$9,999,000 in bonds outstanding, b) extend the due date of the remaining bonds to August 31, 2045 and c) renegotiate the interest rate on the remaining bonds to the OIFA cost of funds on its variable rate taxable bond issues plus 300 basis points (3.00%) per annum.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Oklahoma Development Finance Authority

Report on the Financial Statements

We have audited the accompanying financial statements of Oklahoma Development Finance Authority ("Authority"), a component unit of the State of Oklahoma, as of and for the year ended June 30, 2021 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Oklahoma Development Finance Authority, as of June 30, 2021, and the changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i-iii be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Authority as a whole. The schedules of net position and schedules of revenues, expenses and change in net position (pages 14-15) are presented for purposes of additional analysis and are not a required part of the financial statements. The schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 20, 2021, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity: The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete.

The Oklahoma Development Finance Authority (the “Authority”) is a tax-exempt public trust organized under the laws of the state of Oklahoma (the “State”) by Declaration of Trust dated November 1, 1974. The Authority (previously the Oklahoma Development Authority) amended its Declaration of Trust and changed its name to the Oklahoma Development Finance Authority in 1988. The beneficiary of the Authority is the State.

The Authority was established to provide financing for both public and private entities in the State. The Authority obtains funds through the issuance of bonds and notes. Private entities qualifying for Authority financing are generally agricultural, civic, educational, health care, industrial, or manufacturing enterprises. Financing is also provided to governmental agencies and instrumentalities of the State. For public programs, bond and note proceeds are deposited into trust funds to be loaned out to qualifying program participants. Interest for the trust investments and the loans is used to pay interest on the bonds and notes issued by the Authority.

The Authority is a component unit of the State and is combined with other similar funds to comprise the Proprietary Component Units of the State. In evaluating how to define the Authority, for financial reporting purposes, management has determined that there is one entity over which the Authority exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the Authority. The Authority exercises significant influence or accountability over the Oklahoma Credit Enhancement Reserve Fund (the “Fund”).

Under Oklahoma statutes, the Credit Enhancement Reserve Fund Act (the “Act”) created the Fund to be managed, administered, and utilized by the Authority solely to secure the payment of interest, principal, and premium, if any, on the revenue bonds and other financial obligations issued by the Authority for the purpose of enhancing and supporting the credit of such obligations. In addition, the Act authorizes the Fund to issue bonds which are the direct and general obligations of the State (to which the full faith and credit of the State is pledged) in a total principal amount not to exceed \$100,000,000 for the purpose of generating monies to be deposited to the Fund.

The Fund is a discretely presented component unit of the Authority and is reported as an enterprise fund. The Fund does not prepare separately issued financial statements. Collectively, the Authority and the Fund are also referred to the Authority.

OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Nature of Activities: The Authority administers several programs, as noted below, to meet the various economic needs of the State.

Conduit Lending Program: The Conduit Lending Program is completed through the authorization and sale of revenue bonds, notes, certificates of participation, or other evidence of indebtedness. Funds generated by such sale are then available for loans to qualified borrowers. The Authority does not guarantee such obligations.

Tax-Exempt Guaranty Pool: The Tax-Exempt Guaranty Pool (“TEGP”) is designed to assist the Oklahoma Industrial Finance Authority (the “OIFA”) in issuing tax-exempt bonds. TEGP acts as a private credit enhancement reserve fund to guarantee any loss after all resources of the OIFA have been exhausted. The guarantee is limited to the resources of the TEGP. The program was created by the Authority and funded through a transfer of \$500,000 from the Authority’s unrestricted net assets.

The Public Facilities Financing Program: The Public Facilities Financing Program is designed to provide low-cost financing to an applying governmental entity for practically any need of the entity. In order to qualify, the governmental entity’s project must contribute to the economic viability or attractiveness of the area impacted by the project, demonstrate strong public support, and the governmental entity must demonstrate the ability to repay borrowed funds.

The Fund administers the following program:

Credit Enhancement Reserve Fund (“CERF”) Lending Program – The Authority is concentrating on CERF lending activities involving municipal or other governmentally supported obligations, primarily through the Public Facilities Financing Program.

Basis of Accounting: The operations of the Authority and the Fund are accounted for as enterprise funds on an accrual basis in order to recognize the flow of economic resources. Under this basis, revenues are recognized in the period in which they are earned, and expenses are recognized in the period in which they are incurred.

Balances classified as operating revenues and expenses are those which comprise the Authority’s principal ongoing operations. Since the Authority’s operations consist of administering economic development through the issuance of bonds and notes, most revenues and expenses are considered operating.

OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates: Accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash and Cash Equivalents: The Authority and the Fund, for purposes of reporting cash flows, consider cash equivalents to include all highly liquid investments with an original maturity of three months, including money market mutual funds.

Fees Receivable and Other Current Assets: The majority of the fees receivable and other current assets consist of fees receivable. Fees receivable include amounts billed for administrative fees as of June 30, 2021. Fees receivable are accrued based on the annual fee as stipulated in the various bond indentures.

Investments: Investments are recorded at fair value which is determined by the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Realized and unrealized gains and losses and interest income are included in investment income.

Capital Assets: Capital assets are stated at cost, net of accumulated depreciation. Depreciation is computed on the straight-line method over an estimated useful life of thirty-nine years for the building. Five years for automobiles, furniture and equipment. Three years for computers, mobile phones and tablets.

Reserve for Losses: The reserve for losses is an estimate based on management's evaluation of the loan portfolio (those obligations guaranteed by the Fund) giving consideration to general economic conditions, the nature and volume of the loan portfolio, and the historic loan loss experience of the Fund. It is maintained at a level that management considers adequate to absorb potential losses in the loan portfolio.

Deferred Revenue: On certain debt financing which the Fund is guaranteeing, the Fund will receive all of its insurance premiums in advance. These premiums are deferred and recognized as revenue over the life of the various debt obligations on a straight-line basis.

Income Taxes: The Authority, as an integral part of the State, is exempt from federal and state income taxes.

Subsequent events: Management has evaluated subsequent events through October 20, 2021, the date the financial statements were available to be issued.

Recently Issued Accounting Pronouncements: There were no new accounting pronouncements that were issued during or subsequent to the fiscal year ended June 30, 2021.

**OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE B-DEPOSITS AND INVESTMENTS

Custodial Credit Risk-Deposits: Custodial credit risk is the risk that in event of a bank failure, any or all of the government's deposits may be lost. The Authority and Fund's deposits with a bank are invested in money market funds and then swept in to its operating account as needed. The money market funds' assets consist of U.S. Treasury bills, notes and securities backed by the full faith and credit of the U.S. Government. Any balances not invested in these money market funds are covered by FDIC insurance or are adequately covered by pledged collateral.

Interest Rate Risk: The Authority does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, however the Authority participates, through an investment certificate, funds managed by the Oklahoma State Treasurer which is required to limit its investments in accordance with Oklahoma laws.

Concentration of Credit Risk: The Authority places no limit on the amount the Authority may invest in any one issuer.

The Authority's and the Fund's cash and cash equivalents and investments consisted of the following at June 30, 2021:

<u>Type</u>	<u>Carrying value</u>	
	<u>Authority</u>	<u>Fund</u>
Cash and cash equivalents		
Money market mutual funds	\$ 109,299	\$ 1,228,714
Investment certificate issued by related entity	9,717,728	-
	<u>\$ 9,827,027</u>	<u>\$ 1,228,714</u>
Investments		
SBA loan pools	\$ 14,728	\$ -
	<u>\$ 14,728</u>	<u>\$ -</u>

OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE B-DEPOSITS AND INVESTMENTS (Continued)

Deposits: At June 30, 2021, the bank balances of the Authority's and the Fund's cash deposits were \$9,827,027 and \$1,228,714, respectively. Bank balances were covered by Federal Deposit Insurance or were deposited in cash funds indirectly invested in U.S. Treasury securities and backed by the full faith and credit of the U.S. Government.

Investments: The Authority categorizes its fair value instruments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 input is quoted market prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 are significant unobservable inputs. The Authority holds investments in SBA Loan Pools of \$14,728. The valuation of the SBA Loan Pools is based on the average of two bids from independent brokers, which the Authority considers to be level 2 inputs.

NOTE C-NOTES RECEIVABLE

At June 30, 2021, the Authority has various notes receivable from two entities, net of allowance, totaling \$29,131. The notes bear interest at variable interest rates ranging from the national prime rate to national prime plus 300 basis points. Interest is compounded monthly, quarterly or annually, as defined in each note agreement. The notes mature to November, 2028 and are unsecured.

NOTE D-CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2021, was as follows:

	<u>June 30, 2020</u>	<u>Additions</u>	<u>Reductions</u>	<u>June 30, 2021</u>
Land	\$ 285,624	\$ -	\$ -	\$ 285,624
Buildings	1,302,435	-	-	1,302,435
Automobiles	79,309	77,806	79,309	77,806
Furniture and equipment	170,712	680	-	171,392
	<u>1,838,080</u>	<u>78,486</u>	<u>79,309</u>	<u>1,837,257</u>
Accumulated depreciation	(431,500)	(54,430)	77,394	(408,536)
	<u>\$ 1,406,580</u>			<u>\$ 1,428,721</u>

Depreciation is calculated using the straight-line method over estimated useful lives as follows: Automobiles-5 years; Furniture and equipment-5 years; Electronic devices-3 years.

OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE E-NONRECOURSE DEBT, NOTES RECEIVABLE AND FUNDS IN TRUST (CONDUIT DEBT)

Certain financing agreements are structured such that the debt is to be repaid solely from the revenues derived from the related facilities leased or acquired with proceeds of the debt obligations, or from the disposition of collateral. The Authority does not hold these notes receivable or trust investments in amounts equal to the loan-term financings.

The financings are not the general obligations of the Authority, and it is the opinion of the Authority's management and its legal counsel that, in the event of default by the borrower(s), the Authority has no responsibility for repayment of such financings.

Accordingly, the nonrecourse debt and the related notes receivable and trust investments have been excluded from the financial statements.

NOTE F-THE OKLAHOMA CREDIT ENHANCEMENT RESERVE FUND

The Oklahoma Credit Enhancement Reserve Fund is managed, administered, and utilized by the Authority to enhance and support the credit of insured debt obligations issued by the Authority and, in the event of default, to make funds available to fulfill commitments for these insured debt obligations. Under the constitution of the State of Oklahoma, the Fund may issue bonds of the State, to be known as the Oklahoma Credit Enhancement Reserve General Obligation Bonds, in a total principal amount of up to \$100,000,000, for the sole purpose of generating monies to be deposited to the Fund in the event there are insufficient assets or pledged revenue streams to meet debt obligations insured by the Fund.

At June 30, 2021, there were approximately \$17.6 million of outstanding financial obligations insured by the Fund. The Fund has a net position (available net assets) of \$1,194,628 available to cover potential losses resulting from claims insured by the Fund as of June 30, 2021. In addition, the Authority has accrued a reserve for losses of approximately \$632,923 as of June 30, 2021 to cover potential losses from the \$3,000,000 outstanding financial obligations insured by the Fund. In the event of a claim, Management believes these cash reserves will allow the Fund adequate resources to keep principal and interest payments current until such time state general obligation bonds can be issued. As of June 30, 2021, no Oklahoma Credit Enhancement Reserve Fund General Obligation Bonds have been issued, and it is the full intention of the Authority to utilize the Fund's existing available net assets to meet obligations arising from losses insured by the Fund.

NOTE G-TAX-EXEMPT GUARANTY POOL

In August 1995, the Authority's Board of Directors created the Pool to assist the OIFA in obtaining tax-exempt financing on OIFA projects. The Pool was funded in fiscal year 1998 with \$500,000 of unrestricted monies held by the Authority. The Pool sets up a private credit enhancement reserve fund to guarantee a portion of any loss up to the amount in the Pool after all other resources to collect by the OIFA have been exhausted. At no time will the liability of the Pool be greater than the \$500,000 funding plus any premiums retained by the Pool. At June 30, 2021, there were no outstanding financial obligations related to OIFA projects insured by the Pool.

OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE H-RELATED PARTIES

The Authority has a month-to-month agreement whereby OIFA provides staff support and administrative services to the Authority. The Authority in turn provides office space for OIFA and reimburses OIFA for its proportionate share of OIFA employees' salaries, benefits, taxes, and other costs. The Authority paid OIFA approximately \$535,000 during the year ended June 30, 2021 for these services.

The Authority's assets include an investment certificate issued by OIFA. The certificate was issued in connection with an investment certificate agreement dated July 1, 2012 that expires June 30, 2022. The certificate agreement enables the Authority to invest up to \$20 million with OIFA, which in turn deposits the funds with the Oklahoma State Treasurer under its OK Invest Program. The Authority has \$9,717,728 deposited toward this certificate at June 30, 2021. From July 1, 2020 to April 30, 2021, the certificate calls for the Authority to be paid interest earnings monthly at the rate of 1.25% below the OK Invest's rate of return for the month. The certificate was updated on May 1, 2021 to update the annual interest rate to one-fifth of the rate paid by the OK Invest program's return for the month. Under the terms of the certificate, the Authority can request that OIFA return its principal amount within three days, therefore these funds have been included in cash and cash equivalents in the Authority's statement of net position. The certificate can also be terminated by either party upon three days' notice, at which time all principal and accrued interest will be paid to the Authority.

NOTE I-LEASE AGREEMENTS

The Authority signed a lease with a private company on March 1, 2018 and calls for a three-year term with lease payments of \$800 per month. The lease was renewed on March 1, 2021 with the same terms of the previous lease. Revenues from the leases totaled \$9,600 for the year ended June 30, 2021.

The lease agreement with the private company includes a waiver of annual association dues and noncash credits to be used at local sponsorship events. This benefit has a value of \$7,500 and is included in the financial statements as an in-kind revenue and an in-kind expense.

NOTE J-BONDS PAYABLE

The Authority has issued revenue bonds to fund loans to various investment enterprises.

Revenue bonds outstanding at June 30, 2021, are as follows:

Oklahoma Development Finance Authority, Series 1996, due August 31, 2045	<u>\$3,000,000</u>
-----------------------------------------------------------------------------	--------------------

The registered owner of the bonds is the OIFA, a related party.

**OKLAHOMA DEVELOPMENT FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE J-BONDS PAYABLE (Continued)

On June 30, 2020 the Authority owed \$9,999,000 for bonds under the *ODFA Quality Jobs Investment Program Revenue Bond- Series 1996*. In 2019 the state of Oklahoma legislature repealed the Quality Jobs Investment Program (QJIP) in its entirety effective November 1, 2019. On July 1, 2020 the Authority transferred the assets and liabilities of the QJIP program to its General Fund. On August 31, 2020 the Authority reached an agreement with the bondholder (OIFA) to a) defease \$6,999,000 of the \$9,999,000 in bonds outstanding, b) extend the due date of the remaining bonds to August 31, 2045 and c) renegotiate the interest rate on the remaining bonds to the OIFA cost of funds on its variable rate taxable bond issues plus 300 basis points (3.00%) per annum.

Interest rates are variable with payments due quarterly and principal and all unpaid interest due at maturity. The variable rate of interest is equal to the OIFA's cost of funds on its outstanding variable rate bond issues plus 300 basis points (3.00%) per annum. The interest rate at June 30, 2021 was 4.65%.

The bonds are payable solely from and secured by (1) revenues derived from loan repayments, (2) funds by the Authority to support this bond and (3) a Credit Enhancement Reserve Fund guarantee insurance policy issued to the Oklahoma Industrial Finance Authority.

Neither the State nor any political subdivision is obligated to pay principal or interest on the bonds. The Authority does not have any taxing authority.

The annual debt service requirements to pay principal and interest on Oklahoma Development Finance Authority Revenue Bond, Series 1996, are as follows:

<u>June 30.</u>	<u>Principal</u>	<u>Interest</u>
2022	-	58,000
2023	-	58,000
2024	-	58,000
2025	-	58,000
2026	-	58,000
2027-2045	3,000,000	333,500
Total	<u>\$ 3,000,000</u>	<u>\$ 623,500</u>

Interest requirements for the variable rate debt were determined by using the rate in effect at June 30, 2021.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE AND
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Trustees
Oklahoma Development Finance Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Oklahoma Development Finance Authority (“Authority”) as of and for the year ended June 30, 2021, and the related notes to the financial statements, and have issued our report thereon dated October 20, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Oklahoma Development Finance Authority’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Oklahoma Development Finance Authority’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
