INDEPENDENT AUDITORS' REPORT

Board of Directors
Oklahoma Industrial Finance Authority

Report on the Financial Statements

We have audited the accompanying financial statements of the Oklahoma Industrial Finance Authority (the "Authority"), which is a part of the State of Oklahoma financial reporting entity, as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2021 and 2020, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Authority are intended to present the financial position, the changes in financial position, and cash flows of only that portion of the financial statements of the State of Oklahoma that is attributable to the balances and transactions of the Authority. They do not purport to, and do not, present fairly the financial position of the State of Oklahoma as of June 30, 2021 or 2020, the changes in its financial position, or its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States. Our opinion is not modified with respect to this matter.

Other Matters

Accounting principles generally accepted in the United States require that the management's discussion and analysis on pages I-1 through I-4 and the schedule of the Authority's proportionate share of net pension liability and the schedule of the Authority's contributions on pages 33 and 34, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 20, 2021, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Our discussion and analysis of the financial performance of the Oklahoma Industrial Finance Authority (the "Authority"), which is a part of the State of Oklahoma financial reporting entity, provides an overview of the Authority's financial activities for the fiscal years ended June 30, 2021 and 2020. Please read it in conjunction with the Authority's financial statements, which begin on page 3. The following tables summarize the net position and changes in net position of the Authority for 2021 and 2020.

Statements of Net Position

	June 30,	
	<u>2021</u>	<u>2020</u>
Assets:		
Current assets	\$ 35,496,876	34,292,824
Noncurrent assets	<u>8,391,220</u>	<u>16,068,480</u>
Total assets	<u>43,888,096</u>	<u>50,361,304</u>
Deferred outflows of resources	<u>175,701</u>	<u>74,568</u>
Liabilities:

Statements of Revenues, Expenses, and Changes in Net Position

	Years Ended June 30,	
	<u>2021</u>	<u>2020</u>
Operating revenues	\$ 965,451	1,385,942
Operating expenses	<u>858,133</u>	<u>1,071,870</u>
Operating income	<u>107,318</u>	<u>314,072</u>
Non-operating (expense) revenue	<u>(44,070)</u>	<u>106,062</u>
Changes in net position	63,248	420,134
Net position, beginning of year	<u>3,901,393</u>	<u>3,481,259</u>
Net position, end of year	<u>\$ 3,964,641</u>	<u>3,901,393</u>

Financial Highlights

- Total operating revenues decreased \$420,000 (30% decrease) to \$966,000 in 2021 from \$1,386,000 in 2020. Earnings from investments and notes receivable decreased in 2021, caused by a decrease in average investment and note receivable balances in 2021 when compared with 2020. Total operating expenses decreased \$214,000 (20% decrease) to \$858,000 in 2021 from \$1,072,000 in 2020. The decrease was primarily caused by a reduction in bond interest and investment certificate interest of \$278,000 in 2021 when compared with 2020. The reduction in bond interest in 2021 was a result of a reduction in variable interest rates and a modification of a bond which reduced the interest rate floor charged on the bond. The reduction in investment certificate interest was a result of a reduction in variable interest rates, as well as significant reduction in the average balance of the payable in 2021. Administrative expenses increased \$66,000 in 2021 from 2020, resulting from actuarial changes in the pension plan. Non-operating revenues decreased \$150,000 during 2021, resulting primarily from the sale of real estate in 2020.
- Total operating revenues decreased \$52,000 and were \$1.39 million in 2020. Earnings from investments and notes receivable decreased in 2020. Total operating expenses decreased \$80,000 (7.0% decrease) to \$1.07 million in 2020 compared to \$1.15 million in 2019, caused primarily by a decrease in interest expense. Non-operating revenues increased \$147,000 during 2020, resulting primarily from a gain on the sale of other real estate owned in 2020.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

Financial Highlights, Continued

- Total assets and deferred outflows of resources decreased \$6,372,000 (12.6% decrease) from \$50,436,000 as of June 30, 2020, to \$44,064,000 as of June 30, 2021. Total liabilities decreased \$6,418,000 (13.8% decrease), from \$46,516,000 as of June 30, 2020, to \$40,098,000 as of June 30, 2021. The decreases in total assets and deferred outflows were primarily due to the early principal payment of \$6,999,000 on the Oklahoma Development Finance Authority (ODFA) revenue bond. The decrease in total liabilities was primarily due to the \$6,598,000 reduction of the investment certificates payable to the ODFA.
- Total assets and deferred outflows of resources increased \$1.02 million from \$49.42 million as of June 30, 2019, to \$50.44 million as of June 30, 2020 (2% increase). Total liabilities increased \$620 thousand, from \$45.9 million as of June 30, 2019, to \$46.5 million as of June 30, 2020 (1.35% increase). The increases in total assets and deferred outflows were primarily due to an increase in cash and cash equivalents caused by a \$658,000 increase in the certificates payable to the ODFA and the \$420,000 change in net position in 2020. The increase in total liabilities was primarily due to an increase of \$658,000 in the certificates payable to the ODFA, offset by reductions in other liabilities.
- Restricted assets were consistent in 2021 and 2020 at \$100.
- The balance of notes receivable, net of the allowance for doubtful accounts, decreased \$125,000 (4.1% decrease) from \$3,053,000 as of June 30, 2020, to \$2,928,000 as of June 30, 2021. The decrease was a result of expected principal paydowns on loans and an early payoff of one loan, which was somewhat offset by the funding of one new loan in 2021. At June 30, 2021, there were five loans outstanding compared to six loans outstanding at June 30, 2020. At June 30, 2021, the Authority had two loan commitments outstanding totaling \$3,008,000. One loan in the amount of \$1,500,000 was funded in July 2021.
- The balance of notes receivable, net of the allowance for doubtful accounts, decreased \$289,000 during 2020. The decrease was a result of expected principal paydowns on loans. At June 30, 2020, there were six loans outstanding with a balance of \$3.13 million compared to six loans outstanding at June 30, 2019, with a balance of \$3.42 million. At June 30, 2020, the Authority had two loan commitments totaling \$3.2 million outstanding.
- The balance of investments decreased \$8,131,000 (58.8% decrease) from \$13,832,000 as of June 30, 2020, to \$5,701,000 as of June 30, 2021. The decrease was primarily due to the early principal payment of \$6,999,000 on the ODFA revenue bond, and the principal paydowns of a University of Oklahoma general revenue bond, and notes with the ODFA.
- The balance of investments decreased \$1.5 million from \$15.33 million as of June 30, 2019, to \$13.83 million as of June 30, 2020 (9.8% decrease). The decrease was primarily due to the paydown of investments in University of Oklahoma general revenue bonds, Highway Capital Improvement revenue bonds, and notes with ODFA.
- The balance of the general obligation bonds was consistent in 2021 and 2020 at \$30,000,000.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

Economic Factors and Next Year's Outlook

Management is of the opinion that the loan level and the purchase of loans guaranteed by the Oklahoma Credit Enhancement Reserve Fund will remain low to moderate. No changes in the Authority's financial strategies are anticipated for the next year.

Contacting the Authority's Financial Management

This financial report is designed to provide the Board of Directors' accountability of the Authority. If you have questions about this report or need additional financial information, contact the Oklahoma Industrial Finance Authority, 9220 North Kelley Ave., Oklahoma City, OK 73131.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Oklahoma Industrial Finance Authority (the “Authority”) was established under the Oklahoma Industrial Finance Authority Act of 1959. The beneficiary of the Authority is the State of Oklahoma (the “State”). The Authority assists with the State’s industrial development. The Authority makes loans to authorized industrial development agencies or trusts and new or expanding industries within the state. These loans are secured by first or second mortgages on real estate and equipment. The financial statements of the Authority are intended to present the financial position, the changes in financial position, and cash flows of only that portion of the financial statements of the State that is attributable to the balances and transactions of the Authority. They do not purport to, and do not, present fairly the financial position of the State as of June 30, 2021 or 2020, the changes in its financial position, or its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States.

Fund Accounting

The Authority is organized and operated as an enterprise fund. An enterprise fund accounts for activities for which the intent of the governing body is that the cost of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that the determination of net income is appropriate.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States as prescribed by the Governmental Accounting Standards Board (GASB).

The Authority follows the provisions of GASB Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, in preparing its financial statements.

Basis of Accounting

The Authority prepares its financial statements on the accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they are earned, and expenses are recognized when the obligation is incurred.

See Independent Auditors’ Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Notes Receivable and Allowance for Doubtful Accounts

Notes receivable are stated at the amount of unpaid principal, reduced by an allowance for doubtful accounts. Interest on notes receivable is calculated using the effective interest method. The allowance for doubtful accounts is established through a provision for bad debts that is charged to expense. Notes receivable are charged against the allowance for doubtful accounts when management believes that the collectibility of the principal is unlikely. The allowance is an amount that management believes will be adequate to absorb possible losses on existing notes receivable that may become uncollectible, based on evaluations of the collectibility of notes receivable and the loss experience with prior notes receivable. The evaluations take into consideration such factors as changes in the nature and volume of the notes receivable portfolio, overall portfolio quality, review of specific problem notes receivable, and current economic conditions that may affect the borrower's ability to pay. Accrual of interest is discontinued on a note receivable when management believes, after considering economic and business conditions and collection efforts, that the borrower's financial condition is such that collection of interest is doubtful.

Cash and Cash Equivalents

For the purpose of the statements of cash flows, the Authority considers all highly liquid investments (including restricted assets) with a maturity of 3 months or less when purchased to be cash equivalents.

Debt Refundings

The difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or deferred inflow of resources and is amortized on a straight-line basis over the life of the related debt as a component of interest expense. The total amount of the debt refundings as a result of the FY2002 refunding of Series N, P, Q, and R was \$329,499. The carrying amount of the debt refundings at June 30, 2021 and 2020, was \$1,888 and \$6,416, respectively. Amortization expense of the debt refunding was \$4,528 and \$6,540 for the years ended June 30, 2021 and 2020, respectively.

Investments

The Authority's investments are recorded at fair value.

Compensated Absences

Employees earn annual vacation leave at the rate of 15 days per year during the first 5 years of service, 18 days per year for 5 to 10 years of service, 20 days per year for 10 to 20 years of service, and 25 days per year for 20 or more years of service. Unused annual leave may be accumulated to a maximum of 240 hours for service under 5 years and 480 hours for service years equal to or greater than 5 years. All accrued annual leave is payable upon layoff, resignation, retirement, or death.

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that will affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

The Authority is a governmental agency organized under the laws of the State and is not subject to federal or state income taxes.

Date of Management’s Review of Subsequent Events

Management has evaluated subsequent events through October 20, 2021, the date which the financial statements were available to be issued.

(2) CASH AND CASH EQUIVALENTS AND INVESTMENTS

Certain cash and cash equivalents of the Authority are on deposit with the Oklahoma State Treasurer’s Office, which invests the funds at the direction and on behalf of the Authority.

The Bond Interest Account and the Bond Redemption Account were established by Oklahoma statutes for the purpose of paying and discharging the interest and principal on the State’s Industrial Finance Bonds. The general obligation bond resolutions and supplemental resolutions require the Authority to set aside in the Bond Interest Account an amount sufficient to cover all interest requirements at least 30 days prior to the due date. To guarantee the retirement of Industrial Finance Bonds at maturity, the Authority or the Oklahoma State Treasurer (the “Treasurer”) shall pay into the Bond Redemption Account an amount sufficient to cover bond redemption requirements as set forth in the general obligation bond resolutions and supplemental resolutions.

The balances in the previously mentioned accounts at June 30 consisted of cash and cash equivalents and were as follows:

	<u>2021</u>	<u>2020</u>
Bond Redemption Account	\$ <u>108</u>	<u>106</u>

At June 30, 2021 and 2020, cash and cash equivalents amounted to \$35,175,586 and \$33,338,806, respectively, of which \$108 and \$106, respectively, was restricted cash, which was on deposit with the Treasurer’s internal investment pool, OK INVEST.

See Independent Auditors’ Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) CASH AND CASH EQUIVALENTS AND INVESTMENTS, CONTINUED

Investment Interest Rate Risk

The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, except for its policy regarding its investments in Small Business Administration (SBA) guaranteed investment pools, for which the Authority's policy focuses on the following limits:

- a) 80% or more of the SBA investments are to be at variable rates.
- b) Limited to a maximum premium of 102%.
- c) Total amount of purchases with interest caps are to be less than 30% of total SBA investments.

Investment Credit Risk

The Authority has no investment policy that limits its investment choices other than the limitation of state law imposed on the Treasurer as follows:

- a) U.S. Treasury bills, notes, and bonds and U.S. government agency securities with certain ratings and maturity limitations.
- b) Collateralized or insured certificates of deposit and other evidences of deposit issued by a bank, savings bank, savings and loan association, or credit union located in the state of Oklahoma.
- c) Certain ratings and maturity limitations, negotiable certificates of deposit, banker's acceptances, and commercial paper.
- d) Obligations of state and local governments, including obligations of Oklahoma state public trusts, with certain ratings and maturity limitations.
- e) Collateralized repurchase agreements and tri-party repurchase agreements.
- f) Money market mutual funds and short-term bond funds regulated by the SEC and in which investments consist of obligations of the U.S. government and its agencies and instrumentalities and repurchase agreements collateralized by obligations of the U.S. government and its agencies and instrumentalities.

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) CASH AND CASH EQUIVALENTS AND INVESTMENTS, CONTINUED

Investment Credit Risk, Continued

The Treasurer has determined that current holdings in OK INVEST should be limited to obligations of the U.S. government and its agencies and instrumentalities, collateralized certificates of deposit, tri-party repurchase agreements collateralized at 100% with the collateral held by a third party in the name of the Treasurer, and money market mutual funds which either directly or indirectly invest in U.S. Treasury and/or agency securities and repurchase agreements related to such securities. OK INVEST is not insured or guaranteed by the State, the Federal Deposit Insurance Corporation, or any other government agency.

At June 30, 2021, the Authority’s cash and cash equivalents and investments, at fair value, in obligations not directly guaranteed by the U.S. government were as follows, none of which were rated, except for the University of Oklahoma general revenue bonds, which were rated A+ by Standard & Poor’s:

<u>Description</u>	<u>Institution</u>	<u>Amount</u>	<u>Maturity***</u>
Cash and cash equivalents:			
OK INVEST	Oklahoma State Treasurer	<u>\$ 35,175,586</u>	N/A
Investments:			
ODFA revenue bond**	ODFA	\$ 3,000,000	8/31/2045
ODFA Woodward Industrial Foundation note**	ODFA	634,817	2/1/2027
ODFA Muskogee City— County Port Authority Note #1**	ODFA	573,592	10/1/2028
ODFA Muskogee City— County Port Authority Note #2**	ODFA	422,744	4/1/2033
University of Oklahoma general revenue bonds	Board of Regents of the University of Oklahoma	1,041,399	7/1/2021– 7/1/2022
SBA investment pools*	SBA	<u>28,725</u>	2/25/2024
<u>Total investments</u>		<u>\$ 5,701,277</u>	

* The SBA investments are indirectly guaranteed by the U.S. government.

** Investments are secured by a financial guarantee insurance policy issued by the Oklahoma Credit Enhancement Reserve Fund, which has an AA+ rating by Standard & Poor’s.

*** The weighted average maturity of the University of Oklahoma general revenue bonds, the SBA investment pools, and total investments was 0.12, 2.66, and 15.01 years, respectively.

N/A Not applicable.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) CASH AND CASH EQUIVALENTS AND INVESTMENTS, CONTINUED

Concentrations of Investment Credit Risk

The Authority has no limit on the amount it may deposit or invest in any one issuer. The Authority had the following concentrations of credit risk in cash and cash equivalents and investments at June 30, 2021: 86.1%, or \$35,175,586, deposited in OK INVEST; and 7.3%, or \$3,000,000, invested in an ODFA revenue bond. The Authority had the following concentrations of credit risk in cash and cash equivalents and investments at June 30, 2020: 70.7%, or \$33,338,806, deposited in OK INVEST; and 21.2%, or \$9,999,000, invested in an Oklahoma Development Finance Authority (ODFA) revenue bond.

Deposits in the Treasurer's internal investment pool, OK INVEST, are recorded at cost due to the short-term nature and use of the cash accounts. Investments in SBA investment pools are recorded at fair value, based on quoted market prices received from pricing services for comparable securities. The University of Oklahoma general revenue bonds are recorded at fair value based on quoted market prices received from pricing services for identical securities. The ODFA revenue bond; the ODFA Woodward Industrial Foundation note; the ODFA Muskogee City—County Port Authority Note #1; and the ODFA Muskogee City—County Port Authority Note #2 have been recorded at fair value based on discounted cash flows using current estimated market rates, as determined by the Authority's management, offered on instruments with similar credit risks and maturities.

On February 19, 2009, the Authority purchased for investment \$2,145,000 of general revenue bonds issued by the Board of Regents of the University of Oklahoma. The bonds began maturing on July 1, 2019, through July 1, 2022. The bonds bear interest at 5.28%, which is payable on January 1 and July 1. Interest and principal will be repaid from "pledged revenues" of the University of Oklahoma, as defined in the bond agreement.

See Independent Auditors' Report.

(2) CASH AND CASH EQUIVALENTS AND INVESTMENTS, CONTINUED

Related-Party Investments

On September 12, 1996, the Authority purchased for investment a revenue bond issued by the ODFA, a public trust and instrumentality of the State. Both the Authority and the ODFA share common board members and employees. The principal amount of the bond was \$9,999,000. On August 31, 2020, the Authority and the ODFA amended and restated the bond, to allow the ODFA to make an early principal payment of \$6,999,000 on the bond, to extend the maturity date on the bond to August 31, 2045, and to change the interest rate to a variable rate equivalent to the Authority's cost of funds on its outstanding variable rate bond issues, plus 300 basis points (3.00%) per annum. Prior to August 31, 2020, the bond bore interest at a variable rate equivalent to the Authority's cost of funds on its outstanding variable rate bond issues, adjusted quarterly. As of June 30, 2021 and 2020, the interest rate paid by the bond was 4.65% and 1.93%, respectively. The Authority can dispose of the bond at any time for a price equal to the outstanding principal plus interest accrued to the date of the sale. The bond is secured by a financial guarantee insurance policy issued by the Oklahoma Credit Enhancement Reserve Fund.

On June 4, 1999, the Authority issued a \$1,395,856 note to the ODFA. The proceeds were then loaned to the Woodward Industrial Foundation by the ODFA for use in building a spec building as part of the ODFA's Spec Building Program. Interest-only payments were to be made for the first 72 months beginning July 1, 1999. The first monthly installment of principal and interest was originally due on July 1, 2005, with an original final scheduled maturity of June 1, 2020. The note has been amended numerous times to extend the maturity date and the interest-only payment period and to reduce the interest rate through January 31, 2012, at 4.00%. On February 1, 2012, the note was placed on a 15-year amortization at a fixed interest rate of 5.50% for the first 5 years, 6.00% for the next 5 years, and 6.50% for the remaining 5 years. The note is secured by a first real estate mortgage and a financial guarantee insurance policy issued by the Oklahoma Credit Enhancement Reserve Fund.

On September 26, 2003, the Authority issued a \$1,500,000 note to the ODFA. The proceeds were then loaned to the Muskogee City—County Port Authority by the ODFA for use in constructing a multi-use safe harbor. The note pays interest at Prime less 1.00%, adjusted annually, which was 2.25% and 3.75% at June 30, 2021 and 2020, respectively. The first monthly installment was due on November 1, 2003, with a final scheduled maturity of October 1, 2028. The note is secured by a security interest on all revenues of the Muskogee City—County Port Authority and by a financial guarantee insurance policy issued by the Oklahoma Credit Enhancement Reserve Fund.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) CASH AND CASH EQUIVALENTS AND INVESTMENTS, CONTINUED

Related-Party Investments, Continued

On March 20, 2008, the Authority issued a \$750,000 note to the ODFA. The proceeds were then loaned to the Muskogee City—County Port Authority by the ODFA for use in funding increased project costs related to a multi-purpose facility. The note pays interest at Prime less 1.00% percent, adjusted annually, with a 2.50% floor. The interest rate at both June 30, 2021 and 2020, was 2.50%. The first monthly installment was due on May 1, 2008, with a final scheduled maturity of April 1, 2033. The note is secured by a security interest on all revenues of the Muskogee City—County Port Authority and by a financial guarantee insurance policy issued by the Oklahoma Credit Enhancement Reserve Fund.

Investments Measured at Fair Value

As a key part of the Authority's activities, the Authority holds investments that are measured and reported at fair value on a recurring basis. Accounting principles generally accepted in the United States establish a fair value hierarchy for the determination and measurement of fair value. This hierarchy is based on the type of valuation inputs needed to measure the fair value of an asset. The hierarchy generally is as follows:

Level 1—Unadjusted quoted prices in active markets for identical assets.

Level 2—Quoted prices for similar assets, or inputs that are observable or other forms of market corroborated inputs.

Level 3—Pricing based on best available information, including primarily unobservable inputs and assumptions market participants would use in pricing the asset.

See Independent Auditors' Report.

(3) NOTES RECEIVABLE

The Authority's notes receivable consisted of the following as of June 30:

	<u>2021</u>	<u>2020</u>
Industrial project loans	\$ 3,006,075	3,130,246
Less current portion	<u>(238,510)</u>	<u>(816,542)</u>
Long-term notes receivable	2,767,565	2,313,704
Allowance for doubtful accounts	<u>(77,730)</u>	<u>(77,730)</u>
Net long-term notes receivable	<u>\$ 2,689,835</u>	<u>2,235,974</u>

As of June 30, 2021 and 2020, the Authority had \$125,728 and \$189,639, respectively, held in escrow for debt service related to one of its industrial project loans.

Non-accrual loans totaled \$98,618 at both June 30, 2021 and 2020. There were no loans past due over 90 days accruing interest.

At June 30, 2021, the Authority had 2 loan commitments totaling \$3.01 million outstanding. One loan in the amount of approximately \$1.5 million was funded in July 2021.

(4) GENERAL OBLIGATION BONDS

The Authority's general obligation bonds are authorized and issued for the funding of industrial finance loans to encourage business development within the state. All revenues arising from the net proceeds from repayment of industrial finance loans and interest received thereon are pledged under these bond issues. The Treasurer has the option to put (sell) the general obligation bonds back to the Authority upon giving 120 days' written notice to the Authority. This option may be exercised as to all the general obligation bonds for a specific series. In addition, these general obligation bonds are backed by the full faith and credit of the State. The State has not made any payments on the general obligation bonds on behalf of the Authority. Changes in the general obligation debt outstanding (amounts expressed in thousands) for the years ended June 30, 2021 and 2020, were as follows:

Balance outstanding at June 30, 2019	\$ 30,000
Less: Current maturities	-
Less: Redemptions	-
Balance outstanding at June 30, 2020	<u>30,000</u>
Less: Current maturities	-
Less: Redemptions	-
Balance outstanding at June 30, 2021	<u>\$ 30,000</u>

See Independent Auditors' Report.

	<u>\$ 30,000</u>	<u>2,682</u>	<u>32,682</u>

(5) INVESTMENT CERTIFICATE AGREEMENTS WITH THE ODFA

The Authority has an investment certificate agreement with the ODFA, whereby an amount transferred from the ODFA, not to exceed \$20,000,000, would be invested by the Authority into OK INVEST. Beginning on May 1, 2021, the ODFA earns interest under this investment certificate agreement equal to one-fifth of the rate the Authority earns from OK INVEST. Prior to May 1, 2021, the ODFA earned interest under the investment certificate agreement equal to 1.25% below the rate the Authority earned from OK INVEST. The agreement expires in June 2022. Under the agreement, the Authority is required to return the invested principal to the ODFA upon 3 days' notice of redemption. The ODFA can request redemptions of the principal in full or in part at any time. The Authority accounts for this agreement as a liability to the ODFA, which was \$9,592,000 and \$16,126,210 at June 30, 2021 and 2020, respectively. Total interest expense incurred under this agreement was \$44,956 and \$191,589 during the years ended June 30, 2021 and 2020, respectively.

The Authority has an investment certificate agreement with the ODFA, whereby \$200,000 received from the ODFA would be invested by the Authority into OK INVEST. The ODFA earns interest under this investment certificate agreement equal to one-half of the rate the Authority earns from OK INVEST. The agreement expires in October 2028. Under the agreement, the Authority is required to return the invested principal to the ODFA upon 3 days' notice of redemption. The ODFA can request redemptions of the principal in full or in part at any time. The Authority accounts for this agreement as a liability to the ODFA, which was \$125,728 and \$189,639 at June 30, 2021 and 2020, respectively. Total interest expense incurred under this agreement was \$1,255 and \$973 during the years ended June 30, 2021 and 2020, respectively.

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) PENSION PLAN

Plan Description

The Authority contributes to the Oklahoma Public Employees Retirement Plan (OPERS), a cost-sharing, multiple-employer public employee retirement system administered by the Oklahoma Public Employees Retirement System (the “System”). OPERS provides retirement, disability, and death benefits to plan members and beneficiaries. The benefit provisions are established and may be amended by the Oklahoma Legislature. Title 74 of the Oklahoma Statutes, Sections 901–943, as amended, assigns the authority for management and operation of OPERS to the Board of Trustees of the System (the “Board”). The System issues a publicly available annual financial report that includes financial statements and required supplementary information for OPERS. That annual report may be obtained by writing to the Oklahoma Public Employees Retirement System, 5400 N. Grand Boulevard, Suite 400, Oklahoma City, Oklahoma 73112-5625 or by calling 1-800-733-9008, or can be obtained at www.opers.ok.gov.

OPERS provides members with full retirement benefits at their specified normal retirement age or, for any person who became a member prior to July 1, 1992, when the sum of the member’s age and years of credited service equals or exceeds 80 (Rule of 80), and for any person who became a member after June 30, 1992, when the member’s age and years of credited service equals or exceeds 90 (Rule of 90).

Normal retirement date is further qualified to require that all members employed on or after January 1, 1983, must have 6 or more years of full-time equivalent employment with a participating employer before being eligible to receive benefits. Credited service is the sum of participating and prior service. Prior service includes nonparticipating service before January 1, 1975, or the entry date of the employer and active wartime military service.

A member with a minimum of 10 years of participating service may elect early retirement with reduced benefits beginning at age 55 if the participant became a member prior to November 1, 2011, or age 60 if the participant became a member on or after November 1, 2011.

Disability retirement benefits are available for members having 8 years of credited service whose disability status has been certified as being within 1 year of the last day on the job by the Social Security Administration. Disability retirement benefits are determined in the same manner as retirement benefits, but payable immediately without an actuarial reduction.

See Independent Auditors’ Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) PENSION PLAN, CONTINUED

Benefits Provided

For state, county, and local agency employees, benefits are determined at 2% of the average annual salary received during the highest 36 months of the last 10 years of participating service, but not to exceed the applicable annual salary cap, multiplied by the number of years of credited service. Members who join OPERS on or after July 1, 2013, will have their salary averaged over the highest 60 months of the last 10 years. Normal retirement age under the Plan is 62 or Rule of 80/90 if the participant became a member prior to November 1, 2011, or age 65 or Rule of 90 if the participant became a member on or after November 1, 2011.

Members who elect to pay the additional contribution rate, which became available in January 2004, will receive benefits using a 2.5% computation factor for each full year the additional contributions are made. In 2004, legislation was enacted to provide an increased benefit to retiring members who were not yet eligible for Medicare. The Medicare Gap benefit option became available to members under age 65 who retired on or after May 1, 2006. Members may elect to receive a temporary increased benefit to cover the cost of health insurance premiums until the member is eligible to receive Medicare. After the member becomes eligible for Medicare, the retirement benefit will be permanently reduced by an actuarially determined amount. The option is irrevocable, must be chosen prior to retirement, and is structured to have a neutral actuarial cost to the Plan.

Members become eligible to vest fully upon termination of employment after attaining 8 years of credited service, or the members' contributions may be withdrawn upon termination of employment.

Upon the death of an active member, the accumulated contributions of the member are paid to the member's named beneficiary(ies) in a single lump sum payment. If a retired member elected a joint annuitant survivor option or an active member was eligible to retire with either reduced or unreduced benefits or eligible to vest the retirement benefit at the time of death, benefits can be paid in monthly payments over the life of the spouse if the spouse so elects.

Benefits are payable to the surviving spouse of an elected official only if the elected official had at least 6 years of participating elected service and was married at least 3 years immediately preceding death. Survivor benefits are terminated upon death of the named survivor and, for elected officials, remarriage of the surviving spouse. Upon the death of a retired member, with no survivor benefits payable, the member's beneficiary(ies) are paid the excess, if any, of the member's accumulated contributions over the sum of all retirement benefit payments made.

Upon the death of a retired member, OPERS will pay a \$5,000 death benefit to the member's beneficiary or estate of the member if there is no living beneficiary. The death benefit will be paid in addition to any excess employee contributions or survivor benefits due to the beneficiary.

Benefits are established and may be amended by the Oklahoma Legislature.

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) **PENSION PLAN, CONTINUED**

Contributions

The contribution rates for each member category of OPERS are established by the Oklahoma Legislature after recommendation by the Board based on an actuarial calculation, which is performed to determine the adequacy of such contribution rates.

Each member participates based on their qualifying gross salary earned, excluding overtime. There is no cap on the qualifying gross salary earned, subject to Internal Revenue Service (IRS) limitations on compensation.

For 2021 and 2020, *state agency employers* contributed 16.5% (which includes the amount to the OPERS Health Insurance Subsidy Plan (See Note 7)) on all salary, and *state employees* contributed 3.5% on all salary.

Members have the option to elect to increase the benefit computation factor for all future service from 2.0% to 2.5%. The election is irrevocable, binding for all future employment under OPERS, and applies only to full years of service. Those who make the election pay the standard contribution rate plus an additional contribution rate, 2.91%, which is actuarially determined. The election is available for all state, county, and local government employees, except for elected officials and hazardous duty members.

Contributions to OPERS by the Authority were as follows:

	<u>2021</u>	<u>2020</u>
\$	<u>68,347</u>	<u>68,152</u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021 and 2020, the Authority reported a liability for its proportionate share of the net pension liability. As of June 30, 2021, the net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. As of June 30, 2020, the net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The Authority's proportion of the net pension liability was based on the Authority's contributions received by OPERS relative to the total contributions received by OPERS for all participating employers as of June 30, 2020 and 2019. Based upon this information, the Authority's proportion for June 30, 2021 and 2020, was 0.02483408% and 0.02524413%, respectively.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) PENSION PLAN, CONTINUED

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, Continued

Reported deferred outflows of resources of \$68,347 at June 30, 2021, related to pensions resulting from the Authority's contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ending June 30, 2022. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending <u>June 30,</u>	
2022	\$ 60,326
2023	30,766
2024	6,582
2025	<u>6,582</u>
	<u>\$ 104,256</u>

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) PENSION PLAN, CONTINUED

Actuarial Methods and Assumptions

The total pension liability as of June 30, 2021 and 2020, was determined from actuarial valuations prepared as of July 1, 2020 and 2019, respectively, using the following actuarial assumptions:

Investment return:	6.50% for 2020 and 7.00% for 2019, compounded annually, net of investment expense and including inflation.
Salary increases:	3.50% to 9.25% for 2020 and 3.50% to 9.50% for 2019.
Mortality rates:	For 2020—Pub-2010 Below Media, General Membership Active/Retiree Healthy Mortality Table with base rates projected to 2030 using Scale MP-2019. Male rates are set back one year, and female rates are set forward one year. For 2019—Active participants and nondisabled pensioners: RP-2014 Mortality Table projected to 2025 by Scale MP-2016 (disabled pensioners set forward 12 years).
Annual post-retirement benefit increases:	None
Assumed inflation rate:	2.50% for 2020 and 2.75% for 2019
Payroll growth:	3.25% for 2020 and 3.50% for 2019
Actuarial cost method:	Entry age
Select period for the termination of employment assumptions:	10 years

The actuarial assumptions used in the July 1, 2020, valuations are based on the results of the most recent actuarial experience study, which covers the 3-year period ended June 30, 2019. The experience study report is dated May 13, 2020. The actuarial assumptions used in the July 1, 2019, valuations are based on the results of the most recent actuarial experience study, which covers the 3-year period ended June 30, 2016.

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) PENSION PLAN, CONTINUED

Actuarial Methods and Assumptions, Continued

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30 are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
<u>2020</u>		
U.S. large cap equity	34.0%	4.7%
U.S. small cap equity	6.0%	5.8%
Int developed equity	23.0%	6.5%
Emerging market equity	5.0%	8.5%
Core fixed income	25.0%	0.5%
Long-term treasuries	3.5%	0.0%
US TIPS	<u>3.5%</u>	0.3%
	<u>100.0%</u>	
<u>2019</u>		
U.S. large cap equity	38.0%	3.8%
U.S. small cap equity	6.0%	4.9%
Non-U.S. equity	24.0%	9.2%
U.S. fixed income	<u>32.0%</u>	1.4%
	<u>100.0%</u>	

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) PENSION PLAN, CONTINUED

Discount Rate

The discount rate used to measure the total pension liability was 6.50% and 7.00% for 2020 and 2019, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and the employers will be made at the current contribution rate as set out in state statute. Based on those assumptions, OPERS’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determined does not use a municipal bond rate.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability (asset) of the employer calculated using the discount rate of 6.50% and 7.00% for 2021 and 2020, respectively, as well as what the Authority’s net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate as of June 30:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
<u>2021</u>			
Net pension liability (asset)	\$ <u>521,570</u>	<u>221,561</u>	<u>(31,945)</u>
	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
<u>2020</u>			
Net pension liability (asset)	\$ <u>303,997</u>	<u>33,622</u>	<u>(195,604)</u>

Pension Plan Fiduciary Net Position

Detailed information about OPERS’ fiduciary net position is available in the separately issued financial report of OPERS, which can be located at www.opers.ok.gov.

See Independent Auditors’ Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(7) OTHER POSTEMPLOYMENT BENEFITS (OPEB)

The Authority participates in the OPERS Health Insurance Subsidy Plan, a cost-sharing, multiple-employer defined benefit public employee health insurance subsidy retirement plan which is administered by OPERS. The Authority also participates in the Office of Management and Enterprise Services Employee Group Insurance Division's health insurance plan, which is a non-trusted single-employer plan that provides for employee and dependent healthcare coverage from the date of retirement to age 65, provided the participant was covered by the health insurance plan before retiring. The Authority has evaluated the impact of adopting GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* (GASB 75) on its financial position and changes to its financial position and determined the impact to be immaterial. Therefore, the Authority has not recorded the impact of adopting GASB 75 in its financial statements.

(8) OKLAHOMA STATE EMPLOYEES DEFERRED COMPENSATION PLAN AND DEFERRED SAVINGS INCENTIVE PLAN

Deferred Compensation Plan

The State offers its employees a Deferred Compensation Plan as authorized by Section 457 of the Internal Revenue Code (IRC), as amended by the Tax Reform Act of 1986, and in accordance with the provisions of Sections 1701 through 1706 of Title 74 of the Oklahoma Statutes.

The supervisory authority for the management and operation of the Deferred Compensation Plan is the Board.

The Deferred Compensation Plan is available to all State employees, as well as any elected officials receiving a salary from the State. Participants may direct the investment of their contributions in available investment options offered by the Deferred Compensation Plan. Participants are immediately 100% vested in their respective accounts. All interest, dividends, and investment fees are allocated to participants' accounts.

Participants may defer until future years up to the lesser of 100% of their compensation as defined by Deferred Compensation Plan documents or the maximum amount allowed each year as determined by the Internal Revenue Service.

The Deferred Compensation Plan offers a catch-up program to participants which allows them to defer annually for the 3 years prior to their year of retirement up to twice that plan year's deferral limit. The amount of additional contributions in excess of the normal maximum contributions to the Deferred Compensation Plan are also limited to contributions for years in which the participant was eligible but did not participate in the Deferred Compensation Plan or the difference between contributions made and the maximum allowable level. To be eligible for the catch-up program, the participant must be within 3 years of retirement with no reduced benefits.

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

**(8) OKLAHOMA STATE EMPLOYEES DEFERRED COMPENSATION PLAN AND
DEFERRED SAVINGS INCENTIVE PLAN, CONTINUED**

Deferred Compensation Plan, Continued

Participants age 50 or older may make additional contributions annually, subject to certain limits.

Deferred compensation benefits are paid to participants or beneficiaries upon termination, retirement, death, or unforeseeable emergency. Such benefits are based on a participant's account balance and are disbursed in a lump sum or periodic payments at the option of the participant or beneficiaries in accordance with the Deferred Compensation Plan's provisions.

Effective January 1, 1998, the Board established a trust and a trust fund covering the Deferred Compensation Plan's assets, pursuant to federal legislation enacted in 1996, requiring public employers to establish such trusts for plans meeting the requirements of Section 457 of the IRC no later than January 1, 1999. Under the terms of the trust, the corpus or income of the trust fund may be used only for the exclusive benefit of the Deferred Compensation Plan's participants and their beneficiaries. Prior to the establishment of the trust, the Deferred Compensation Plan's assets were subject to the claims of general creditors of the State. The Board acts as trustee of the trust. The participants' accounts are invested in accordance with the investment elections of the participants. The Board is accountable for all deferred compensation received, but has no duty to require any compensation to be deferred or to determine that the amounts received comply with the Deferred Compensation Plan or to determine that the trust fund is adequate to provide the benefits payable pursuant to the Deferred Compensation Plan.

Further information may be obtained from the Deferred Compensation Plan's audited financial statements for the years ended June 30, 2021 and 2020. The Authority believes that it has no liabilities with respect to the Deferred Compensation Plan.

Effective January 1, 1998, the State established the Oklahoma State Employees Deferred Savings Incentive Plan (the "Savings Incentive Plan") as a money purchase pension plan pursuant to IRC Section 401(a). The Savings Incentive Plan and its related trust are intended to meet the requirements of IRC Sections 401(a) and 501(a).

Any qualified participant who is a State employee who is an active participant in the Deferred Compensation Plan is eligible for a contribution of the amount determined by Oklahoma Legislature, currently the equivalent of \$25 per month. Participation in the Savings Incentive Plan is automatic in the month of participation in the Deferred Compensation Plan and is not voluntary.

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(8) OKLAHOMA STATE EMPLOYEES DEFERRED COMPENSATION PLAN AND DEFERRED SAVINGS INCENTIVE PLAN, CONTINUED

Deferred Savings Incentive Plan

Upon cessation of contributions to the Deferred Compensation Plan, termination of employment with the State, retirement, or death, a participant will no longer be eligible for contributions from the State into the Savings Incentive Plan. Participants are at all times 100% vested in their Savings Incentive Plan account. Participant contributions are not required or permitted. Qualified participants may make rollover contributions to the Savings Incentive Plan, provided such rollover contributions meet applicable requirements of the IRC. Plan participants may direct the investment of the contributions in available investment options offered by the Savings Incentive Plan. All interest, dividends, and investment fees are allocated to the participants' accounts.

Savings Incentive Plan benefits are paid to participants or beneficiaries upon termination, retirement, or death. Such benefits are based on a participant's account balance and are disbursed in a lump sum or periodic payments or may be rolled over to a qualified plan at the option of the participant or beneficiaries.

(9) OTHER REAL ESTATE OWNED

The Authority owned a building and land which it leased under operating leases. The Authority sold the building and land in March 2020. The Authority recorded a gain on the sale in the amount of approximately \$153,000. As of June 30, 2021, the Authority had no other real estate owned.

A summary of changes in other real estate owned for the year ended June 30, 2020, is as follows:

	Balance at Beginning of Year	<u>Additions</u>	<u>Disposals</u>	Balance at End of Year
Cost:				
Land	\$ 75,000	-	(75,000)	-
Building	<u>105,000</u>	<u>-</u>	<u>(105,000)</u>	<u>-</u>
	180,000	-	(180,000)	-
Accumulated depreciation on building	<u>(70,875)</u>	<u>(1,750)</u>	<u>72,625</u>	<u>-</u>
Other real estate owned, net	<u>\$ 109,125</u>	<u>(1,750)</u>	<u>(107,375)</u>	<u>-</u>

See Independent Auditors' Report.

OKLAHOMA INDUSTRIAL FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(10) RISK MANAGEMENT

The Authority utilizes the Risk Management Division of the State for property insurance. Comprehensive general liability and personal injury liability are also covered.

(11) RELATED-PARTY TRANSACTIONS

The Authority shares office space, personnel, and common board members with the ODFA. Personnel costs are being shared and billed to the Authority and the ODFA at 25% and 75%, respectively. During 2021 and 2020, the Authority was reimbursed approximately \$535,000 and \$532,000, respectively, of personnel cost from the ODFA. The ODFA owns the building utilized by both the ODFA and the Authority. The ODFA does not charge the Authority for use of the building.

See discussion of investment certificate agreements with the ODFA at Note 5.

See discussion of investment transactions with the ODFA at Note 2.

**INDEPENDENT AUDITORS' REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Oklahoma Industrial Finance Authority

We have audited, in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Oklahoma Industrial Finance Authority (the "Authority"), which is a part of the State of Oklahoma financial reporting entity, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated October 20, 2021. Our report includes an explanatory paragraph disclaiming an opinion on required supplementary information. Our report also includes an explanatory paragraph to emphasize the fact that the financial statements include only that portion of the financial statements of the State of Oklahoma that is attributable to balances and transactions of the Authority.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(Continued)

**INDEPENDENT AUDITORS' REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Finley & Cook, PLLC

Shawnee, Oklahoma
